Eliminate inefficiencies, boost agility and streamline operations

Mobile, Intuitive Platform

Plan, manage and execute your yard processes – all at your fingertips on any mobile device

Fast, Scalable Deployment

Fast time-to-value with high ROI across your network, low IT overhead

Seamless SAP Integration

Drop-in solution that enhances existing SAP landscape and seamlessly integrates to existing business processes

The Treasure Unlocked

We Yard unlocks your yard's hidden value

Typical results

Organizations adopting yard management systems experience benefits within 6-9 months

30% increase

In yard efficiency and productivity

Up to 250K

Operational cost reduction

10x faster

Gate-in and gate-out processes

Up to 50%

Reduction in fuel consumption

Efficient, lean and mobile yard operations

Elevate your yard to a new level using We Yard

Yard Planning

- Plan yard visits for vehicle arrivals
- Define type of yard visit with activities to be performed
- Integration to SAP ECC and/or S/4 HANA and SAP TM

Gate Operations

- Check-in and check-out of trucks and trailers
- Capture ATA and ATD for accurate detention tracking
- Print transport documents and perform checks at the gate

Yard Execution

- Define activities based on the details of the yard visit
- Lean and easy-to-use process execution on mobile apps
- Integrate to SAP EWM to share live updates during execution

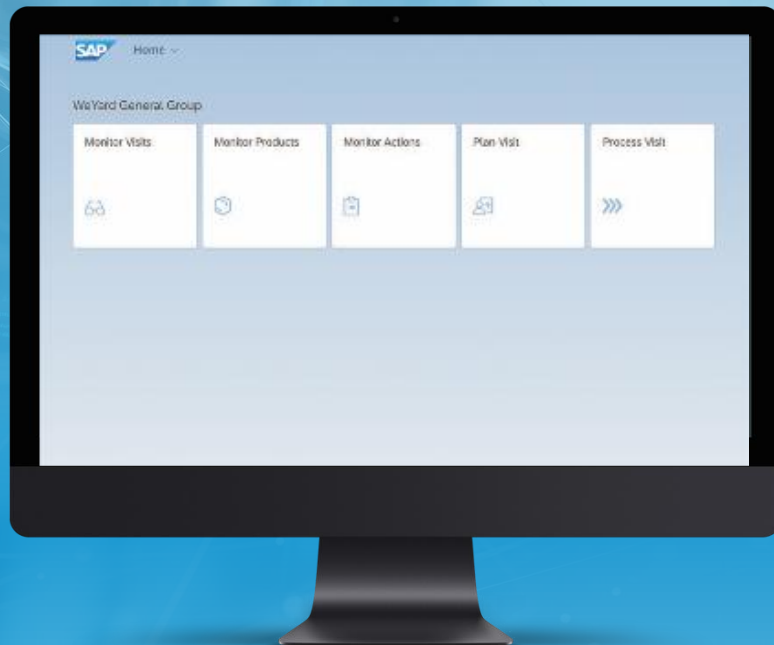

Business Benefits

- Full visibility into and transparency of expected arrivals and workload
- Improved gate throughput reducing delays and increasing capacity
- Accuracy and transparency to eliminate inefficient movement and redundant effort
- Full integration capabilities to build a bridge between transportation and warehousing

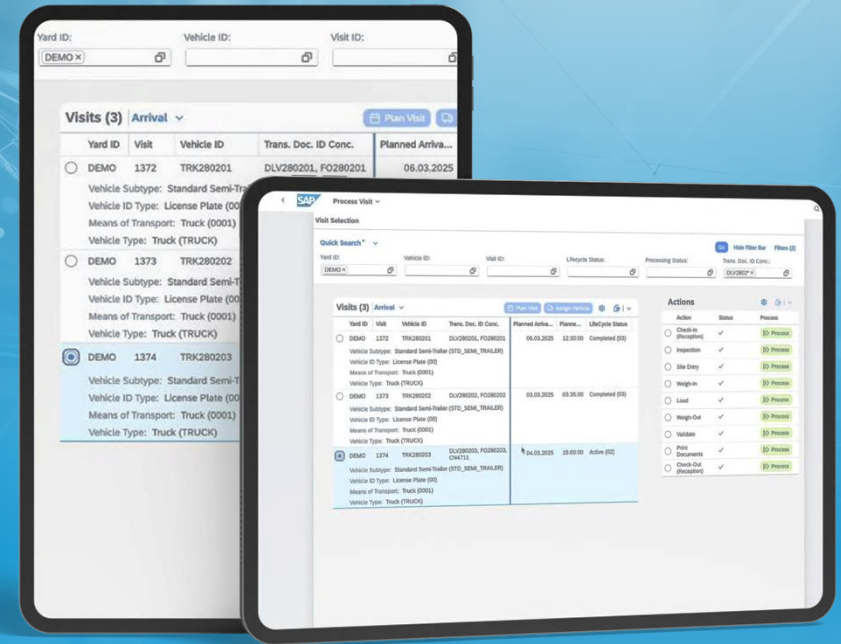

Your yard operations in your hand

Embrace digitization and mobility in your yard and enable your workforce

With only a handful of applications manage your entire yard – from planning to execution

Processing a Visit is intuitive and easily performed from one screen

We Yard by Westernacher

Deployment options tailored to your needs

We Yard as add-on to existing SAP landscape

We Yard Add-On to Netweaver SCM or ECC 6.x stack

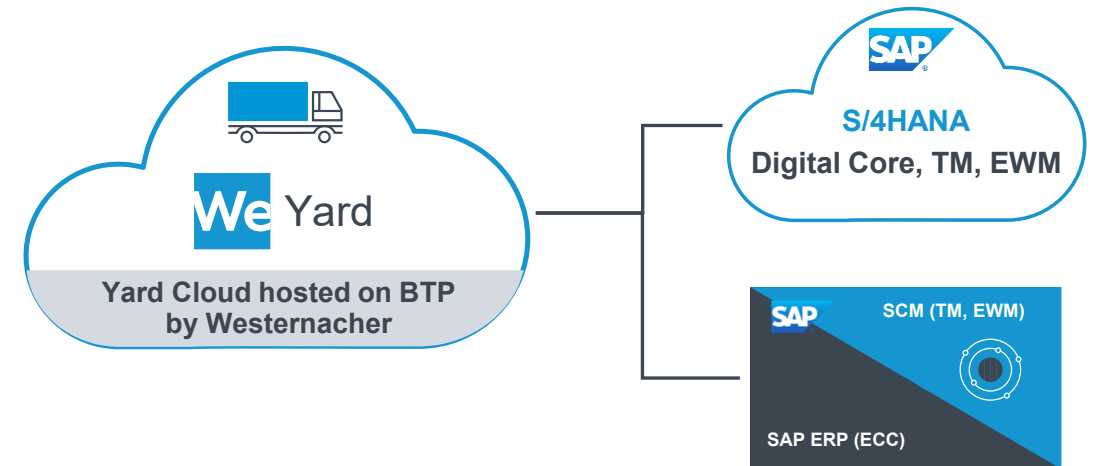

We Yard Add-On to S/4 HANA Private Cloud/RISE Edition – in-stack

- Deployment onto existing SAP landscape – no additional technical landscape needed
- Integration to existing business processes
- Only implementation efforts and installation cost occur
- Does not include maintenance/support and/or regular updates

WeYaaS –We Yard Public Cloud (release Q4 2025)*

- We Yard as a service – Westernacher hosted environment for yard operations
- Integration to existing SAP business processes
- Reduced implementation efforts with best practice approach
- Monthly subscription includes maintenance/support as well as new developments

*Timeline and scope subject to change without prior notice

We Yard Starter Package – Deploy in 12 Weeks

We Yard brings your yard to life – fast, efficient and lean

Digitize yard operations quickly – efficient, lean, and best-practice driven

Covers all core processes – planning, gate operations, and execution
